OVERVIEW

WHERE IS RAJA AMPAT IN INDONESIA?

Located west of Sorong on the peninsula of New Guinea Island, Raja Ampat, or the Four Kings, is an archipelago comprising over 1,500 small islands, cays and shoals. The four main islands—Misool, Salawati, Batanta and Waigeo and their satellite islands cover an area some 23,630 square miles (61,200 sq. kilometers). Raja Ampat is a part of the newly named West Papua province of Indonesia which was formerly Irian Jaya.

WHAT KIND OF DIVING IS FOUND IN RAJA AMPAT?

Located in the heart of the Coral Triangle, Raja Ampat features pristine beauty both above and below the water. This area's staggering abundance of marine life is a result of its incredibly low human population density.

According to the Conservation International Rapid Assessment Bulletin the marine life diversity for scuba diving in Raja Ampat is considerably greater than all other areas sampled in the coral triangle of Indonesia.

The Raja Ampat area is considered home to more than 1,000 fish species, 101 of which were previously unknown in Raja Ampat and four that are new to all of Indonesia. The reefs of Raja Ampat are just as varied as the marine life. There are vertical walls, reef flats, slopes, sea mounts, mucky mangroves, lagoons and pinnacles. The reefs are in pristine condition with miles of perfect hard corals and many varied colorful species of soft corals.

IN WHAT TIME ZONE IS RAJA AMPAT LOCATED?

Raja Ampat is covered by Eastern Indonesia Standard Time and is 9 hours ahead of GMT.

WHAT LANGUAGES ARE SPOKEN ON BOARD?

There are about 583 languages and dialects spoken in the archipelago. Bahasa Indonesia is the national language. In all tourist destination areas English is the number one foreign language. Our crew will converse in English with the guests.

WHAT WEATHER CONDITIONS CAN I EXPECT IN RAJA AMPAT

Raja Ampat is a year round diving destination. There is no real rainy season like that found in other areas of Indonesia. A light wetsuit is necessary, though some people choose more thermal protection (a 3mm suit) to ensure continued core temperature warmth throughout their visit.

WHAT CURRENCY IS USED?

Rupiah (IDR) is the official currency. It is advisable to exchange currency at banks, as the most favorable exchange rates may not be obtained elsewhere. Most banks are open Monday to Friday. It is recommended that you exchange enough for island tipping and small pocket change. Major credit cards are accepted by most restaurants, hotels, car rental companies, and shops. Travelers checks are accepted everywhere.

WHAT DOES MY PARADISE DANCER PACKAGE INCLUDE?

All staterooms are air-conditioned and fitted with private toilets, showers and sinks. Breakfast (cooked to order), buffet lunch and an elegant meal at dinner with table side service are served daily in addition to fresh mid-morning and mid-afternoon snacks. Beverages (non-alcoholic and local beer) are complimentary while onboard. Bathrobes and some toiletries are available for your use onboard. The yacht is equipped with hairdryers in each stateroom. Linens are changed mid-week and fresh towels are placed in each stateroom daily as needed. Filled tanks, weights and weight belts are included. A BRIEF HISTORY OF INDONESIA

The name Indonesia has its roots in two Greek words: “Indos” meaning Indian and “Nesos” which means islands. It is an appropriate description of the archipelago as there are estimated to be a total of 17,508 islands, of which only about 6,000 are inhabited, stretching for 5,150 km between the Australian and Asian continental mainland and dividing the Pacific and Indian Oceans at the Equator.

The islands and people of Indonesia constitute the fourth most populated nation in the world. As a democratic republic, Indonesia is divided into 27 provinces and special territories and classified geographically into four groups. It is a part of the newly named West Papua (province) of Indonesia which was formerly Irian Jaya.

A rich history of kingdoms, conquests, colonialism, trade and natural disasters has bequeathed Indonesia with an exhilarating kaleidoscope of cultures and traditions, people, languages and religions, aspirations and problems, and the dramatic scenery of changing landscapes. It is the combination of the friendly people, the natural attractions, the great variety of things to see and do, and the year-round pleasant climate that make this such a desirable vacation destination. And then there is Raja Ampat’s special “magic” as the epi-center of marine biodiversity in the “Coral Triangle”.

A BRIEF HISTORY OF RAJA AMPAT

Prior to the 16th century and the arrival of the Portuguese, very little was known in the west about this region, but trade with the Moluccan Islands, Timor and perhaps Java existed long before this.

After a few years of unsuccessful attempts to discover this fabled island of gold, Ynigo Ortiz de Retes finally landed in 1545, naming New Guinea and claiming it for the King of Spain. Several failed gold explorations followed, but it was only in 1714 that Spain was forced to relinquish control to Holland and England.

The Dutch and English had long been interested in Irian Jaya’s trade commodities of nutmeg, massio bark, trepang (dried sea cucumbers), tortoise shells, pearls, birds of paradise skins and slaves. The British finally proclaimed a Protectorate in the east in 1884 and the Dutch established two permanent posts in the west in 1899. The boundaries were settled in 1895 and 1910.

It was World War II that finally put New Guinea on the map in western history, when it became a fierce battleground between the Japanese and Allied forces.

With the end of World War II came the Dutch hand over of territories to Indonesia

TRAVEL INFORMATION

HOW DO I GET TO THE RAJA AMPAT ISLANDS?

Getting to Raja Ampat is through one of three Indonesian Gateway cities: Manado, Bali, or Jakarta.

No matter which gateway city guests choose to utilize, we recommend two hotel nights be built into your travels. One upon arrival between the international and domestic legs, and one on your journey home between the domestic and international legs.

Dive Easy Travel®, Peter Hughes travel specialist, will be happy to assist with flight and hotel arrangements. Be sure to contact Dive Easy Travel® at 800-9-DANCER or 305-669-9391 for the most competitive rates.

WHAT LUGGAGE RESTRICTIONS DO I NEED TO BE CONCERNED ABOUT?

For international flights, please check with your carrier about weight restrictions and any other restrictions on the content of your luggage.

No matter which gateway you are using, you will also be flying on a domestic Indonesian air carrier to reach Sorong. Guests are encouraged to pack as light as possible as these aircraft do have strict weight restrictions. The individual luggage allowance on these flights are 44lb (20kg) per person. Luggage in excess of this weight is charged at a per kilogram rate determined by the particular airline being used. (A connecting flight would have two segments.) However, please be advised there is no guarantee that any excess luggage (especially that above 45kg) will actually travel on the same flight as the guest. This in turn could result in luggage not making it to the guest in time for the charters departure or an international flight home.

ON-BOARD

IF I AM TRAVELING AS A SINGLE, WILL I HAVE A ROOMMATE?

All rates are quoted on a share basis; therefore, unless you require a guaranteed single room and pay an additional supplement, you will very likely be sharing your stateroom with one other guest of the same gender.

WHAT TYPE OF FOOD IS PREPARED?

Meals prepared by our onboard chef consist of an international mix with a local flair. If you have any special dietary requirements, please advise our US office as soon as possible so we can adequately prepare to meet your needs. Certain special dietary and beverage requests may not be available on a consistent basis due to the remote nature of this location.

WHAT KINDS OF BEVERAGES ARE AVAILABLE?

The Paradise Dancer's selection includes fruit juices, soft drinks, plenty of iced water, tea and coffee and a limited selection of local beer. One glass of wine is served with dinner. Fresh milk may not be available, although UHT long life milk is provided onboard. We recommend that you purchase any special brands of alcoholic beverages that you may want to consume onboard at the Duty Free Shop at any airport. We encourage you to consume lots of non-alcoholic liquids during the week to avoid dehydration. REMEMBER: ALCOHOL AND DIVING DO NOT MIX. For your safety, we recommend that the consumption of any alcoholic beverage be delayed until your dive day is complete.

A WORD ABOUT ALCOHOL

The importation of alcoholic beverages in Indonesia is strictly controlled by the government through quota restrictions. Locally produced beer has no restrictions. In accordance local cultural customs and regulations only local beer is provided and one glass of wine is served with dinner as part of your Paradise Dancer package. At all other times, additional alcoholic beverages (based on availability) including bottles of imported wines and drinks containing spirits may be purchased through the ships bar.

There are no corkage or bottle charges imposed for guests who choose to bring their own alcohol on board for personal consumption. Customs regulations allow foreign tourists arriving into Indonesia to bring with them 1 liter of alcohol per adult. If you have a favorite alcoholic wine or spirit that you would like to consume on your upcoming cruise, we encourage you to bring it with you.

While customs in Indonesia is laid back and friendly to tourists, the importation limits are enforced. All checked and carry-on bags are x-rayed when clearing customs, so bottles and containers are easily identified by Customs Officers. Any tourist who attempts to circumvent the import limits opens themselves up to a very inconvenient situation with government officials.

WHAT ELECTRICAL CURRENT IS AVAILABLE?

The electrical current on Paradise Dancer is 220 volts. Guests may wish to bring a converter for the use of small appliances in your stateroom. There is a charging station in the Salon which offers access to both 110V and 220V power.

HOW MUCH SHALL I PACK?

Please plan to travel light, as on all live-aboard dive yachts, space is limited. We recommend that you pack your gear in soft luggage such as duffel bags for easy stowage and to add to your comfort in your cabin, leave those large, rigid suitcases at home. Clothing should be lightweight, comfortable sportswear and bathing suits are a must. A light sweater or jacket is ideal for the evenings. Dress aboard is always casual. Light clothing that reflects the sun is best, and a hat is a recommended. Evening dress is informal. Additional items you may want to bring are sunscreen, sunglasses, walking shoes for your time on shore. Hairdryers are provided in each cabin. We recommend you pack your regulator, dive computer, mask, bathing suit and change of clothes and essential items in your carry-on bag. This will make it easier in the event your luggage is delayed. Please check with your airline as to what weight restrictions will apply to your carry-on and checked luggage.

WILL THERE BE ANY OPPORTUNITIES TO GO ASHORE DURING THE CRUISE?

There is often an opportunity to visit a local village during the cruise.

WHAT IF I AM PRONE TO SEA SICKNESS?

Currents and winds may cause moderate movement of the yacht at times. If you have a tendency toward seasickness we strongly urge you to bring some over-the-counter motion sickness medication or consult your doctor about prescription brands, such as the trans-dermal patch or Scopace tablets. Chewable ginger tablets or capsules of powdered ginger have also proved to be effective.

HOW WILL WE DIVE FROM THE PARADISE DANCER?

TENDER DIVING IS THE RULE RATHER THAN THE EXCEPTION. All dives will be made from 2 dive tenders. Guests get on board without full dive gear. Guests will then don their gear at the dive site. For divers who require special assistance we will happily to provide it. Backward roll entry from the tender is the most convenient way to enter the water. Our crew will hand down cameras and other equipment. To re-board the tenders, guests may remove their gear in the water and hand it up to our staff and simply climb aboard by way of a ladder secured to the gunwale of the tender.

For your safety, it is mandatory for each diver to carry an emergency SMB (safety sausage), Dive Alert (personal air horn), and mini-strobe light on all dives. If you do not bring any one of these devices with you they are available for rent on board, however, quantities may be limited. If you do not possess these items, please notify our office prior to departure.

ARE THERE ANY LIMITATIONS OR RESTRICTIONS ON THE DIVING?

All diving on board the Paradise Dancer should be within the limits and standards your certification agency. All dives should be planned no-decompression dives.

Solo diving and re-breather diving is not permitted.

A doctor's note will be required if you answer yes to any of the questions on the medical statement. A list of available courses and prices is located on our website.

ARE NITROX FILLS AVAILABLE?

Every Dancer is equipped with Nitrox facilities. Nitrox fills of up to 32% are normally available to all certified Nitrox divers for an additional charge.
